WRITING

Never judge a book by its cover - the old saying. What does it mean? Fashion plays a great role in our life. Some people say that clothes are most important thing for people who cares about fashion too much. But there are people who believe that shopping is a waste of time and money. Is it right or not?

Most people care about fashion too much. They are shopaholics. They like to stand out. They can shop till they drop. Shopping is their favorite passtime. They believe that people make up their minds when they look at your clothes.

But other people say that) don't care about fashion. They don't like to stand out. Shopping is waste of time. They think that it is boring for them. They prefer to wear usual clothes because it is more comfortable for them. They believe in old saying: Never judge a book by its cover (because it is not important to wear fashion clothes). In conclusion I would like to say that, it is not important how you are wearing, it's important what person you will be.
